

WHO TOOK JOHNNY

A RUMUR FILM

If you've ever gotten separated from your child for just a few moments and remember the depth of panic that sets in, then you can begin to understand what Noreen Gosch has felt over the last 30 years since her son Johnny disappeared delivering newspapers on the morning of September 5, 1982.

More than any other missing child case, Johnny's story has spawned countless theories and has instilled intrigue in the millions who remember the kid on the side of a milk carton. Along the way there have been mysterious sightings, strange clues, bizarre revelations and ambiguous photographs. A confrontation with a person who claims to have helped abduct Johnny paves the way to a crime scene and the possible involvement of a child abduction and prostitution ring. And then a knock on the door in the middle of the night raises as many questions as perhaps it answers..

Who Took Johnny is an examination into the infamous thirty-year-old cold case behind the disappearance of Iowa paperboy Johnny Gosch, the first missing child to appear on a milk carton. The film focuses on the heartbreaking story of Johnny's mother, Noreen Gosch, her relentless quest to find the truth about what happened that tragic September morning when Johnny never returned from his paper route and her life since in helping others to mobilise the authorities when their children go missing.

Who Took Johnny captures the endless intrigue and conspiracy theories surrounding the eye-witness accounts, compelling evidence and emotional discoveries which span three decades of the most spellbinding missing person's case in U.S. history.

a 1 x 52' and 1 x 81' documentary from RUMUR FILM
